

Common Good CAT Consultation

Property: Newmilns Townhouse

Correspondence

Hi, I am writing in support of the NRA proposal to acquire theyTownhouse and utilise it for the benefit of the community.

To whom it may concern. Our Organisation fully support the proposals by the Newmilns Regeneration Association to acquire the Townhouse in Newmilns by Community Asset Transfer. The local authority have, for too long, neglected this building of historic importance within the town. This is a great opportunity for the building to be renovated and repurposed by people who actually care about the town.
