

DEAN THISTLE FOOTBALL CLUB

17/04/2024

Dear New Farm Loch Community Council,

Thank you for your correspondence in regard to concerns raised. We as a club are very aware and understand the issues caused around parking. We are working closely with Ayrshire Roads Alliance to action solutions on all parts. This is a joint issue affecting East Ayrshire Leisure, Ayrshire Roads Alliance and the club and we want to ensure we can come to a resolution effectively. We are looking into funding streams to allow us to put measures in place as these are being identified between parties.

The lease extension sets our desire to invest our time and efforts into the park and club and will show to funders that we want to be here for years to come and to securely invest in us as we seek to improve our facilities for all.

We want to build on our connections and relationships with the community and are welcome to any discussion or opportunities in developing this further. Please be assured we are doing all that we can to try to alleviate issues and find solutions to best improve our community.

Yours Sincerely,

James Nimbley,

Chairperson,

Dean Thistle Football Club
